## TALE OF CRAFTS

**EPILOGUE:** *Once upon a time, in a Jungle where time forgot itself, a **SHAMAN** with wine-red hair brewed potions from thunder and dreams. She wore silence like an armor and a crown of **LAZY DAISIES**.*

*And when she as **DIOSA ROJA**, was seeking for her purpose of existence, the sun was ascending, mirroring the journey of the rays, and the seventh ray like a **SEVENTH SON** was illuminating the Shaman's path to her deepest **IKIGAI**...*
